

Included Components:

- A. 1x Mega Grip™ Phone Holder (SM040-2)
- B. 1x Dual-T Mounting Pattern to 25mm Ball Adapter (APRM2T)
- C. 1x Robust™ Series 3.75" Shaft Arm - 25mm (SP-RM250)
- D. 1x Seat Wedge Mount with 25mm Ball (SPSEATMT)

Important: Clean the application surface and make sure it is free of dirt, dust, and grease before installation.

1 Adjusting the Seat Wedge Mount

Adjust the plates to fit the desired space between your car seat and console by sliding them into the channels located on the bottom of the mounting base.

2 Install the Seat Wedge Mount

Slide the mount into the gap between the seat and console until it fits snugly. If it feels loose, adjust the plates to wider channels for a tighter fit.

3 Install the Dual-t adapter to the Holder

Align the Dual T-Tab adapter by inserting it into the slot located behind the holder. Then, slide the adapter upwards to ensure it is securely in place.

4 Assemble the Components

Attach the 25mm ball-to-ball adapter between the two shafts by loosening the knobs counterclockwise. Then, secure the phone holder with adapter to the top shaft arm.

WARNING

CHOKING HAZARD - Keep out of reach from children under 8 yrs. as they can choke or suffocate on parts included with this system

WARNING

Arkon® is not responsible for any damages caused to your device or yourself due to the installation or use of this mount. Do not install Arkon® products near areas that interfere with operation of vehicles. 5 Install Your Device

Adjust the removable support legs by sliding them laterally on the top or bottom of the holder. Position the device on the support legs and push the arms in to secure it. To remove the device, press the release button.

6 Final Assembly Overview

The mounting system is now fully functional and can be used on any flat surface that is compatible with it. You can go ahead and start using it confidently.
