Leg selection guide

Recommended legs to use based on tablet with or without a case

- For tablets size min 6" to 8.25" max we recommend using 4 small legs
- For tablets size min 6.75" to 9.12" max we recommend using 2 small legs and 2 medium legs
- For tablets size min 8.31" to 10.75" max we recommend using 2 medium legs and 2 large legs
- For tablets size min 9.12" to 11.50" max we recommend using 4 large legs

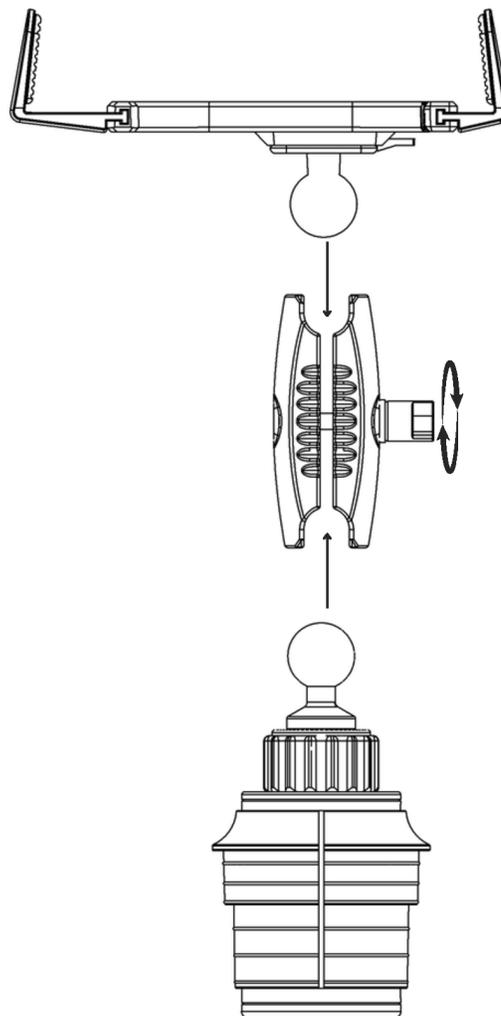

- ### 1 Install the Dual T-Tab adapter into the tablet holder

Insert the Dual T-Tab adapter into the slot located behind the holder. Then, slide the adapter upwards to ensure it is securely in place.

- ### 2 Assemble the components

Turn the shaft arm counterclockwise to loosen it. Next, attach the 25mm ball adapters to both ends. Finally, tighten the shaft to secure everything in place.

WARNING

CHOKING HAZARD - Keep out of reach from children under 8 yrs. as they can choke or suffocate on parts included with this system

3

Fully assembled

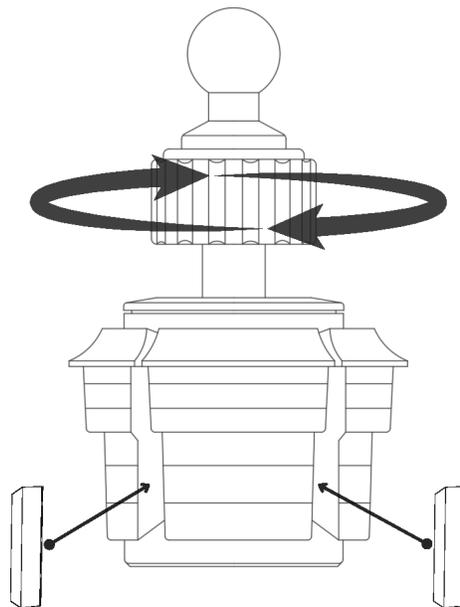

Refer to the image below for the full assembled product.

4

Expand the cup holder

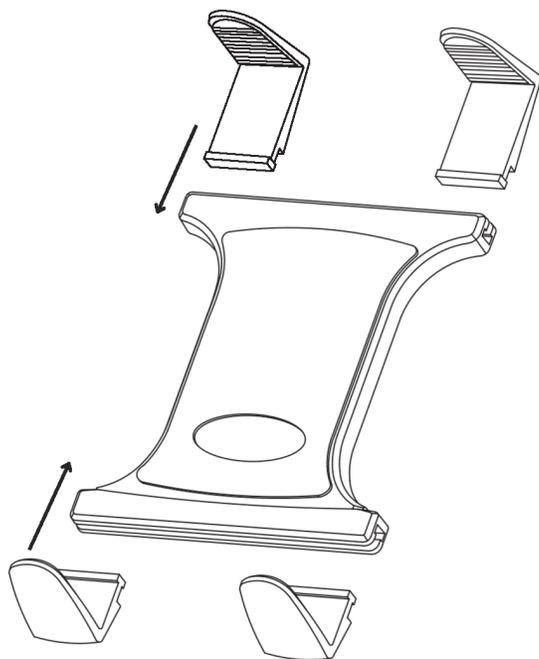

To adjust the base to fit your car's cup holder area, simply twist it counterclockwise. In case of oversized cup holders, utilize the adhesive pads included in the package.

5

Install the legs onto the holder

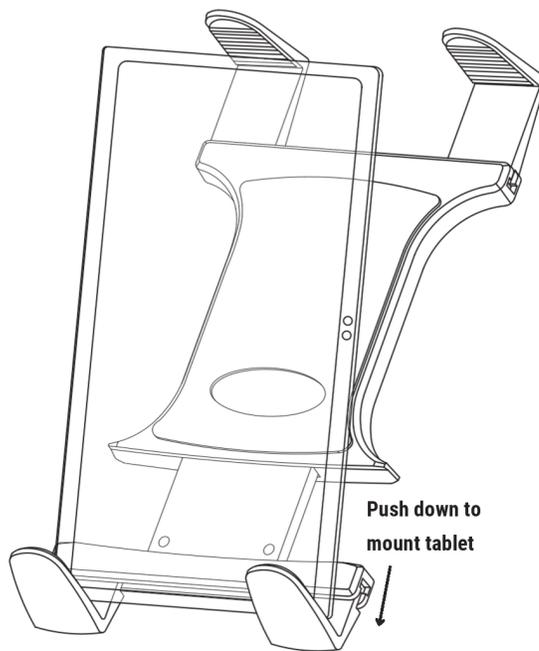

Place the support legs as recommended. Then, insert the support legs into the designated channels on the holder.

6

Install tablet to ensure proper fit

Apply downward pressure with the tablet to extend the legs using the spring-loaded mechanism. Then, confirm that the tablet fits securely in the holder without any loose movement.
