Leg selection guide
Recommended legs to use based on **tablet** with or without a case
- For tablets size min **6" to 8.25"** max we recommend using 4 small legs
- For tablets size min **6.75" to 9.12"** max we recommend using 2 small legs and 2 medium legs
- For tablets size min **8.31" to 10.75"** max we recommend using 2 medium legs and 2 large legs
- For tablets size min **9.12" to 11.50"** max we recommend using 4 large legs

**1** **Attach the tablet holder to the mounting bracket**
Install the tablet holder to the Dual-T adapter located on the pre-assembled device mounting bracket in the position opposite of the phone holder. Align the tabs of the mounting slots, insert, and slide upward until secured by the locking guard tab.
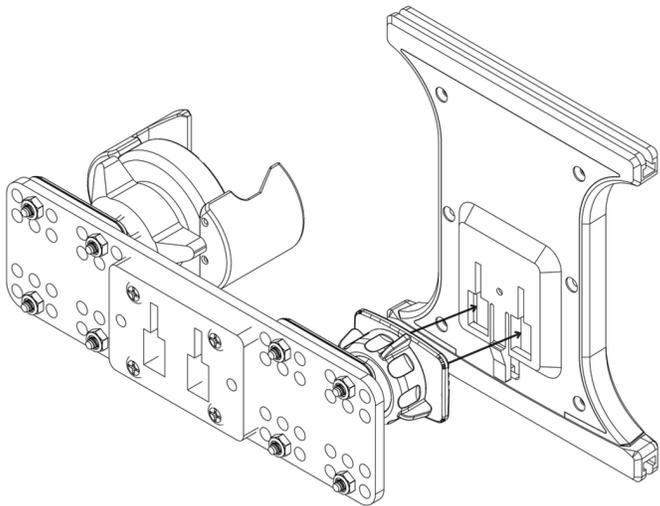

2 **Attach the device mounting bracket to the mounting shaft**
Located the pre-assembled shaft arm with male Dual-T attachment and insert into the back of the device mounting bracket's female Dual-T adapter. Align the tabs of the mounting slots, insert, and slide upward until secured by the locking guard tab.

3 **Mount the system to a ¼"-20 compatible stand or tripod**
Attach the assembled system by inserting a male ¼"-20 attachment into the ball adapter. Hand tighten to secure.
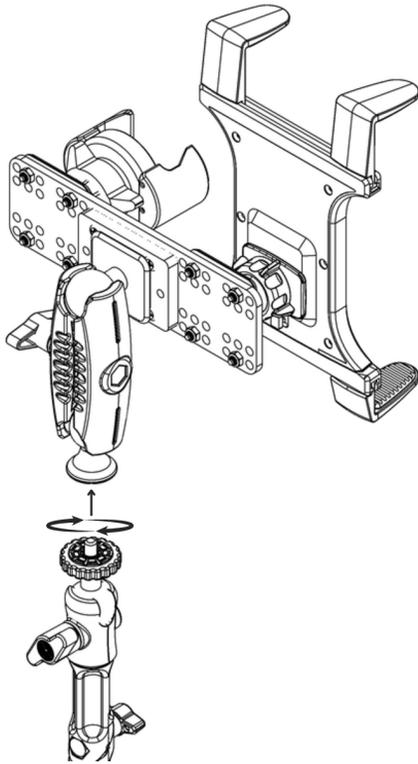

4 **Install the legs onto the holder**
Place the support legs as recommended. Then, insert the support legs into the designated channels on the holder.

5 **Install tablet to ensure proper fit**
Apply downward pressure with the tablet to extend the legs using the spring-loaded mechanism. Then, confirm that the tablet fits securely in the holder without any loose movement.

Push down to mount tablet

6 **Adjusting the Phone Holder**
Simply extend the phone holder by activating the spring-loaded mechanism for easy insertion and removal of your smartphone.
